**Good construction doesn't go out of style. That's our MO and that's why we create cases that are done right. Designed with a 10U slanted top rack for convenient mixer/CD controller placement and a 12U vertical rack for amp or effect units, the RRM12U is built right. The RRM12U features an 18" mountable rack depth and 2 heavy-duty removable covers. To make a good thing even better we added a unique removable, rear hinged door for easy access to your gear. At last, connections without a hassle.**
